

OFFICIAL WARNING TO MORMONS

●

*Basic Requirements
for Membership
in the Kingdom of God.*

By Elder J. Bruce Wakeham

The establishment and maintenance of the Kingdom of God upon the earth depends upon the morality and faithfulness of its members. The perpetuation of the kingdom of the devil depends upon the continued immorality of men. The time has come for the kingdom of the devil to be overthrown with great power. To escape the judgments and destructions that will be poured out upon the wicked of this generation and to be prepared to take part in the triumphant work of the winding-up scene —

1. You must understand that God sends judgments and destructions only upon peoples who fail to maintain the moral standard which is upheld by the teaching and enforcement of God's civil laws.

2. You must realize that willful ignorance of this moral standard and irresponsibility in relation to the principles of civil liberty are punishable under God's law by the penalty of death.

3. You must recognize that it is the solemn duty of the servants of God to teach all things that are essential to the preservation of the great liberties that were written into the Constitution of the United States under the inspiration of God.

4. You must know that the preaching of the gospel of repentance includes giving full educational support to the moral standards of civil liberty, and that a failure of the people of God to teach these minimum standards is an act of apostasy which inevitably brings destruction upon them.

5. You must be aware that the doctrine of repentance requires all men to cease infringement upon the basic civil rights of others as outlined in the law of God.

6. You must repent of extravagance, of the spirit of speculation (covetousness), of undermining economic liberty, sound economy, and democracy in economic government by laying up treasures on earth where "moth and rust doth corrupt," and by attempting to amass and hoard wealth, which course enthrones the dictatorship of economic power.

7. You must repent of infringing upon the rights of generations yet unborn by the murderous practice of birth control which perverts the nature of both men and women and fills them with the spirit of lasciviousness and adultery.

8. You must repent of treading down the rights of legitimate birth and honorable motherhood and cease giving educational support to false spiritual teachings and man-devised laws which oppose the civil laws given by God respecting marriage and divorce.

9. You must awaken to the realization that the Mormon people are not so much as teaching or maintaining the minimum moral standards found in the ancient law of Moses.

10. You must repent of believing in a perverted, spiritualized gospel which opposes the practical plan of God and has not the power to save one soul above the telestial kingdom.

11. You must repent of upholding an unjust tithing system which tithes both the rich and poor in equal proportions and does not require the consecration of surplus properties.

12. You must repent of blasphemously bearing false witness that an organization which is not patterned after the primitive church, is the true church of God.

13. You must repent of sustaining gross usurpations by the Twelve Traveling Council in the L.D.S. Church. That council has usurped the authority of the Standing High Council of the Church, the First Quorum of Seventy, the Presiding Bishopric and the Council of the Kingdom of God. It has usurped the sealing keys for the living and the dead and the powers of the two grand heads of Priesthood, spoken of throughout Holy Writ.

14. You must repent of upholding the combined educational, social and economic powers of Mormonism which are being employed to prevent the Latter-day Saints from being called to repentance by prophets of God.

15. You must repent of moral cowardice and of failure to live lives of sacrifice and consecration in upholding the work of God with all your heart, mind and strength, as required in the covenants of the Holy Priesthood.

16. You must repent of accepting as gospel ideals the civil standards of morality taught in the law of Moses (The Ten Commandments, etc.), and of substituting them in your lives for the organized application of the laws of love in the educational, social, economic and civil fields.

17. You must repent of tolerating the character assassination of doctrinal opponents, which treads down civil liberty by undermining inalienable rights and subverting the investigation of eternal principles.

18. You must repent of upholding men as authorized servants of God when they teach that their precepts take precedence over eternal principles and laws that God has revealed and sent forth unto this generation through Joseph Smith the Prophet.

If you fail on any of these basic points, you will have betrayed heaven and surrendered the gospel plan. You will thereby fail in the quest for eternal life, come under the curse of God and be damned.

“And ye shall leave your name for a curse unto my chosen: for the Lord God shall slay thee, and call his servants by another name:” —Isaiah 65:15
