Doors serve two purposes — to let people in and to let people out. Here at Dixie we have the "Open Door Policy" — always open to those seeking life academically, socially, and spiritually. We are interested in the progress of the individual student as a whole. Every teacher holds the keys to unlock the doors for eager students wishing to gain knowledge.

Arthur F. Bruhn, President

Dear Students

Throughout its history students who have walked through the Doors of Dixie have been given but one guarantee — the chance to become a more effective person. These Doors are, then, the Doors of Opportunity.

Opportunity to learn new facts and relationships.
Opportunity to develop new skills.
Opportunity for leadership.
Opportunity to learn to work harmoniously with others.
Opportunity to enhance one's own unique abilities and talents.
Opportunity to make friends.
Opportunity to become an active participant — to learn by doing.
Opportunity to know the joy of personal success, and the humbling lessons of failure.
Opportunity to make something of yourself instead of for yourself.
Opportunity to discover the satisfactions that come from being honest, patient, dependable, and kind.

The key to each door is your personal possession. You must find it and use it in your own time and in your own distinctive way. There is no other.

ARTHUR F. BRUHN
President

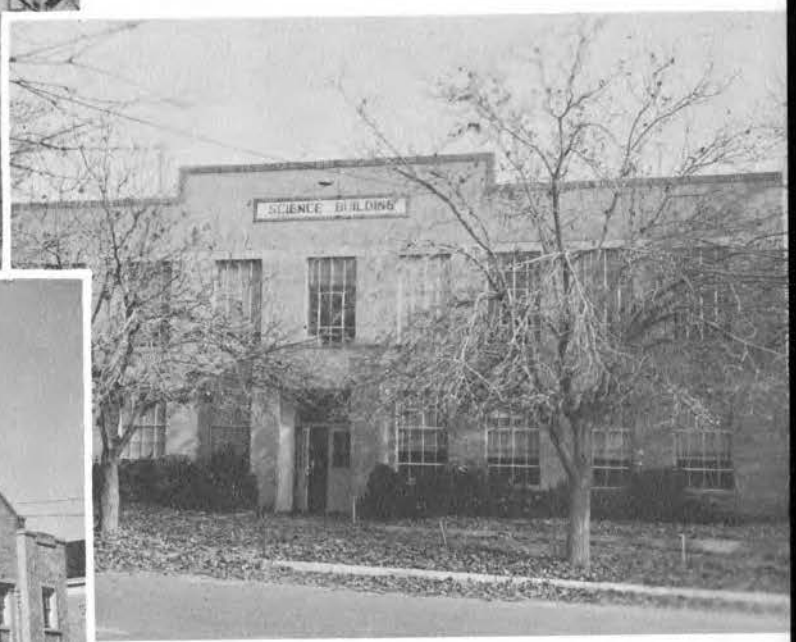

Our Administration Building houses the president's office, the library, the auditorium, and numerous classrooms. The welcome mat is always out to students, teachers, and visitors.

New doors will soon open with the completion of the new Women's Residence Hall. This picture was taken in December. By May we hope to have it dedicated, ready for students to occupy.

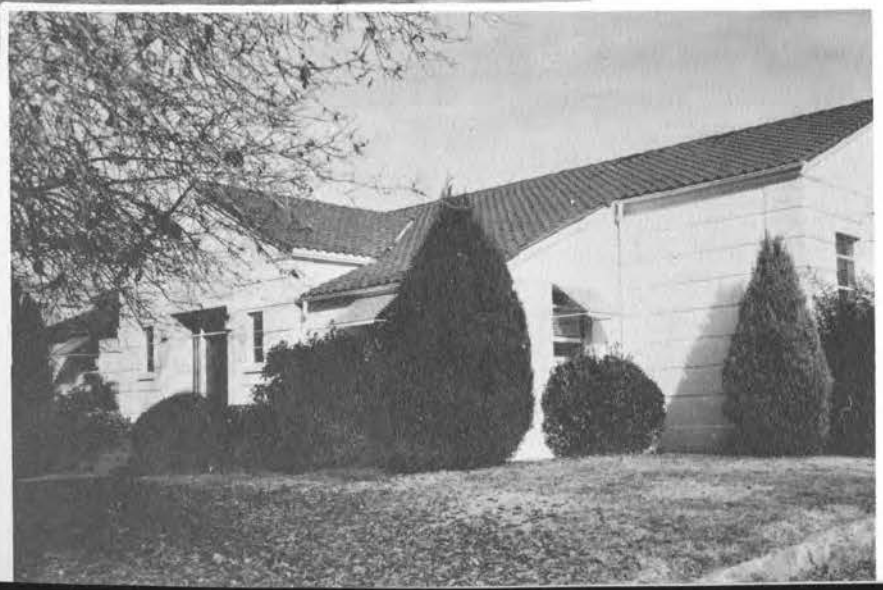

"The Palace of Stinks and Smells" where sulfur springs and water falls — our Science Building.

Tumbling, modern dance, basketball, Sock Hops — you name it, we hold it in the gym.

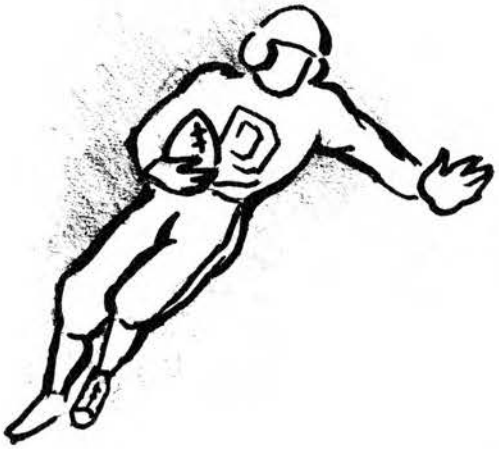

The spiritual retreat of our campus. Mr. Corbett's stirring lectures possibly influence more students' lives than any other course.

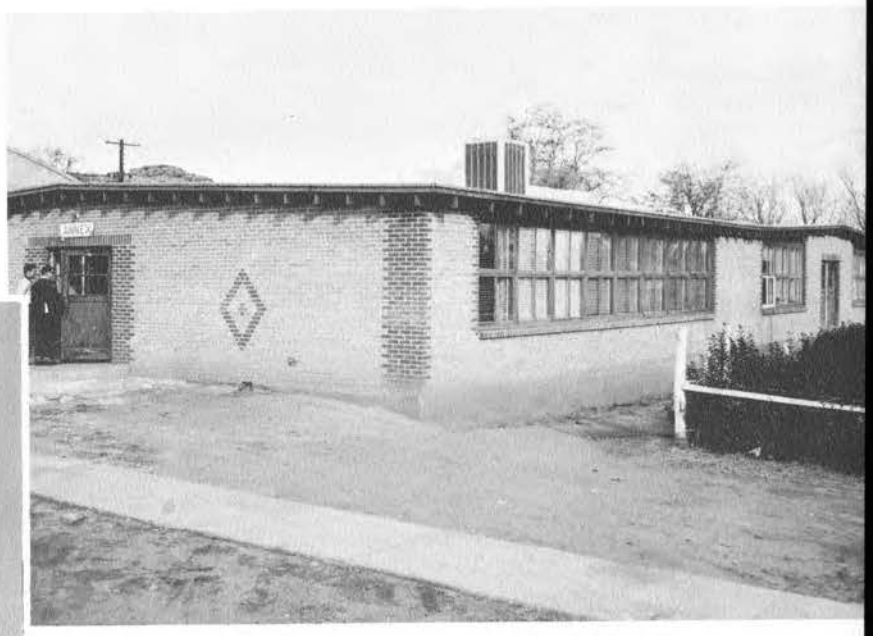

Our hope for the immediate future is the new gymnasium.

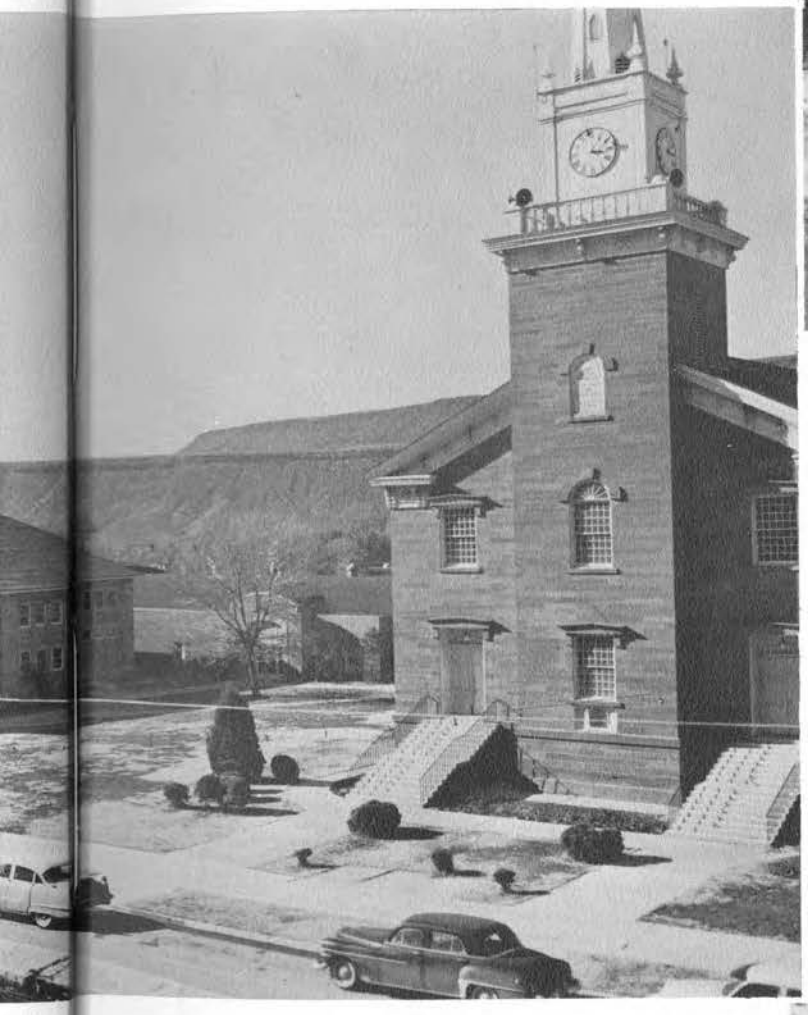

An aerial view of our campus showing the St. George L. D. S. Tabernacle, the recreation hall, and the gym.

Stimulus for Inspiration

The annex invites us to the Student Lounge, the lunch room, English, German, Spanish, and History classes.

Wood, plaster, saws, drills, lathes — everything needed to build a house, including men, are found in the industrial arts section of our campus.

Dixie College Song

We love you dear Dixie School,
With your colors of white and blue,
For you ever stand for the right,
For the noble, the good, and the true.
Whenever we're put to a test
We'll remember your spirit grand
Instructing, persuading dnd guiding,
Thro'out our Dixie Land.

Tho' far away we may be,
We'll remember our Dixie School,
The spirit of our pioneers,
For they're men of the great golden rule;
Our D on the hillside so bold,
Cherished emblem of them all;
Remembering and never forgetting,
We'll answer to the call.

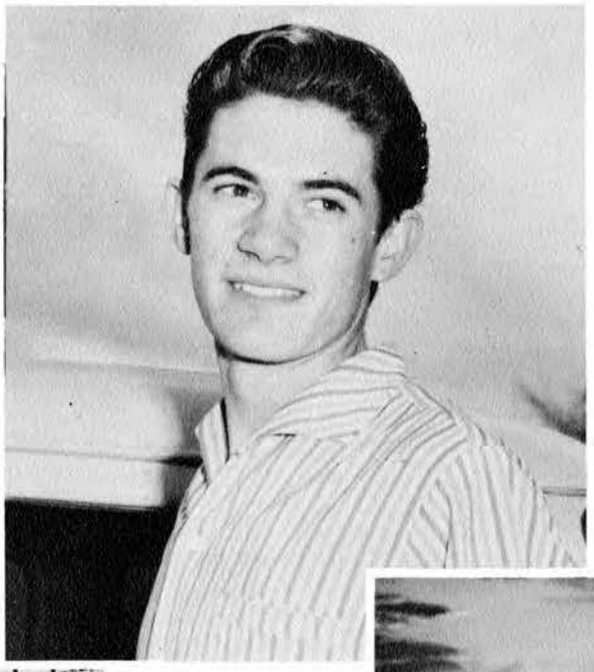

Hail, all hail to thee !
Oh, Dixie College, dear old school,
We know your worth the best on earth;
We'll cheer for you and stand by every rule.
Oh may we never do
Aught that would bring dishonor to thy name,
But may we be e'er true to thee,
Adding honor and glory to thy fame.

Just for Now

I get sentimental whenever I hear
The school songs of Dixie
Or meet with the old gang.
I start reminiscing of days that are past
And wonder why such happy times cannot last.

But the hour is growing late;
It's time for us to part.
Strange how swiftly the moments fly by.
Friends and sweethearts must soon say goodby
Just for now, Just for now.

See the Clock in the church tower;
Its lights have grown dim.
The moon o'er the campus is faded and thin.

And so the years will pass;
Our friends will come and go,
And that's why we hate saying adeiu
To the ones who are so tried and true,
But we must, though it's
Just for Now.

Mr. Ronald Garner, Band and Orchestra Conductor

New this year, Mr. Ronald Garner has brought with him ideas "to beat the band." A marching band was organized last fall to entertain during half-times of football games. The snappy rhythm of the band during basketball games helps to keep up the Dixie Spirit.
