ADMINISTRATION

President Arthur F. Bruhn

On an ancient sun dial is found this motto, "I count not the hours unless they are bright." I hope that all of you will find within these pages memories of a year during which all, or nearly all, of the hours can be counted.

Surely the hours have been diverse. Some have been devoted to study, others to frivolity, or to examinations, or assemblies, or meetings, or to the important business of making friends. At the moment no doubt you have wondered if some were worth counting at all, for the process of improving yourself frequently involves doing things you feel you do not want to do. You do them only because your best judgment tells you that you must.

The real standard by which these questionable hours must be measured will depend upon what has happened to you; if you are a better person because of them, then they have been the brightest of all—the real sun-bursts of the year. You can count them first.

X-CLUB SONG

We are working for you, Dixie,
We are doing the best we can do.
We are all black and blue
Selling hot dogs for you
Cause we've got to buy that scoreboard, Dixie.
Won't you give up your dimes and dollars,
For a good bunch of hard working scholars;
And we'll sing as you pay
For hot dogs today
H-o-t D-o-g-s for Dixie.

Then buy, buy, buy all you can
Help, help this worthy plan,
Give us your money, it hurts you we know
But come on you students, let's jump and go.
Grab, grab, grab with your might
All, all, all you can bite,
We've several hundred cents in debt
We're beginning now to sweat
Loosen up and buy a hot dog now.

THE I.C.A.C. CHAMPIONSHIP

Dixie College really made history in football this year. At the first of the season, Dixie was rated at the very bottom of the list, but at the end of the season she found herself at the top. Dixie College took the ICAC title for the first time in her history, in fact, it was the first time any college in the ICAC race except Boise had taken it. Here are some of Dixie's greatest achievements this season: We beat Ricks for the first time, beat C.S.U. twice in one season thereby retaining the ax, we were ranked as fifth in the western half of the nation, we received a bid for the Potato Bowl and the Rose Bowl, we had an All-American and four All-Conference players and we had a record of six wins and no losses in league play. We should give most of the credit to our outstanding coaches who have brought a group of boys together and made a first rate team out of them.

These are the players who have weathered the storm and have turned out to be outstanding football players. There are many to start with but there are few who have worked long and hard enough to receive any recognition. To achieve this goal, they had to spend between two and three hours every school day for about three months down at the football field getting banged and knocked around. Some of the players have been doing this for four years. Football is one of the roughest sports played by man and anyone who can survive a season of this type is worthy of mention.

Robert Chapoose, All American Jr. College, and first team All-Conference tackle. Robert started his football career when he was a Freshman at the Union High School and has continued playing for ten years. He played four years at Union High, three years in the army, one year at the U.S.A.C., and two years at Dixie. Robert played at least half of the East-West game, helping the West to a 7-6 victory. He represented Dixie College very well.

The Dixie High School Flyers accomplished this year, what they have been trying to do for a good many years. The Flyers took the Region Championship and thereby got a crack at Pleasant Grove in the semifinals of the State Class B Tournament. The Flyers did very well against Pleasant Grove, being the only team in the entire season to score more than one touchdown against them. The score was 13 to 26. Pleasant Grove went on to take the State Tournament.

In taking the Region Championship. The Flyers beat all their opponents including Cedar by a large margin.

HERE'S HOW THE SIZE OF THE TEAM RANGED.

Rebel s Basketball

Every player on the Rebel s team was the star for their various high schools from California to Ogden, Utah. Coach Sampson, in his first year as head basketball coach for the College, ably accomplished the task of welding these high school teams into an effective team working unit.

The Rebels had their ups and downs during the early part of the season, but finished strongly by knocking over five of their last six opponents. The net result was a highly respectable 9 and 5 league record, which was good for third place among the Junior College teams of Utah and Idaho.

The Freshman Basketball team is a new thing here at Dixie, this being its second year. This team was started a year ago by Coach Arslanian with the idea of making the varsity team play harder to maintain their positions, and to give the college boys another way to fill their physical education requirements. This team has accomplished its purposes very well.

Dixie Flyers

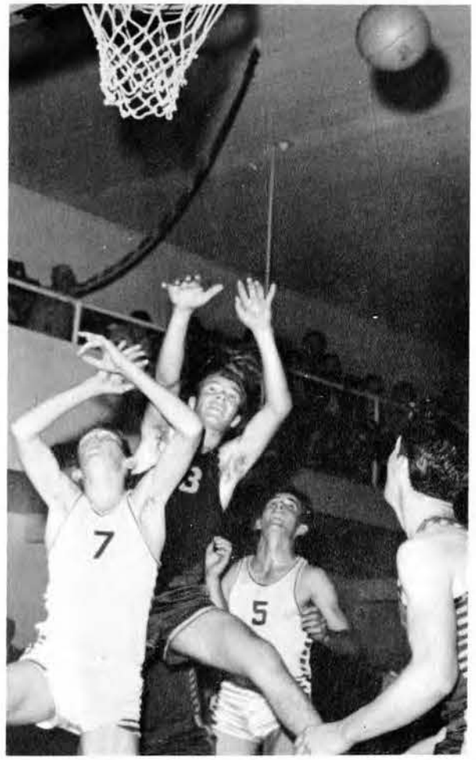

The 1957 edition of the fighting Flyers battled their way to a successful season of 22 wins against only 5 losses. They captured the Dixie Division championship by knocking over Cedar in the playoff at Kanab and went on to take seventh place in the State Tournament. Since most of the members of this year's team are Juniors, they will be aiming for the top next year—the Class B Championship of the state.

Guy, Ferris, and Walt look over the women in the 1956 "Dixie", while Ralph struggles with a needle and thread. Could it be these boys have about decided that women are necessary when buttons keep coming off?

According to these boys, bachelor life is fun at times but it's sure nice to go home and eat one of those good dinners mother fixes.

"Dixiana" girl have been outstanding in all activities on the campus this year. These girls from all over the United States have joined together in a real bond of friendship.

Herb and Boyd attack a sink full of dishes. This is a job they'd leave undone but eventually the cupboard gets empty so they have to wash dishes or go hungry . . . they wash dishes. Paul irons his shirt like a professional but would much rather play baketball.

"DORM LIFE"

Miss Turley is the best dorm mother the girls could have, she has helped the girls make the dorm a major center of campus activity.

Darylene, Deanna, Rochelle, Sally and Janice took park in the Dixiana assembly. The dorm girls have all kinds of talent besides sewing, cooking and giving the best parties on campus.

McArthur's Quality Bakery

If we could make your birthday cake,
We'd mix it up with care,
And stir in lots of happiness
To last throughout the year.
