Karl Larson

Dear Mr. Larson,
I don't know when I have enjoyed any classes as much as I have enjoyed yours. My only regret is that I didn't get exposed to you sooner. I know I haven't been a very good student and for that I am sorry. I know that it is very seldom that a student leaves much with a teacher but you have certainly influenced me. I hope I see you again sometime

a student, and friend,
Kristen Brookby

Australia, 1953!!!

Dear Mr. Larson,

How can I possibly say just how much I appreciate you and the ting you did to help me this year! And I don't know how to thank you, either. But it was wonderful — and I don't just mean our wonderful trip, either!

Wasn't that marvelous? The ride down and back was worth it — and then the conference was just marvelous. "Ecquador wishes to make a resolution!" and "Mr. Chairman! Point of Order!" are two things I remember — but above all, the actual U.N. in motion. I've really appreciated it. I think it was just perfect!

How about San Francisco — Top o' the Mark — The Bridge, Golden Gate Park — Piggo's (under the oak leaves!) Coit Tower! and of course, Hans Christian Anderson. Sweet little Jean!

Mr. Larson, I don't know what this school would ever do without you - You're the whole backbone — & not just because you took me on the trip, either!

Good Luck next year,
and Love —
Jo

P.S. Don't forget Mohnicke, Eddy and Howard and the cake, and Soviet Russia & Cuba, & ever so many things!

Dear Mr Larson,
You are one of those wonderful teachers that make up Dixie. Success and happiness to you always.

A student
Dawnetta Spitt

Dear Mr. Larson
Don has talked so much about your History Classes — I'm thinking he liked them as much as football — especially Dixie's History — He has taken me to many of the places you went on field trips. I'm sure he'd want me to say he enjoyed your classes very much
Remember us as

"Just for Now"

We get sentimental whenever we hear the school
songs of Dixie, or meet with the old gang.
We start reminiscing of days that are past,
And wonder why such happy times cannot last.

But the hour is growing late, it's time for us to
part,
Strange how swiftly the moments take flight.
Friends and sweethearts must soon say goodnight
Just for Now. Just for Now.

We've sung the last refrain, the echoes softly die,
Like the school days when we had such fun.
We'll remember them though they are done . . .
Just for Now. Just for Now.

See the clock in the churchtower, its lights have
grown dim,
The moon o'er the campus is faded and thin,
And so the years will pass, our friends will come
and go,
And that's why we hate saying adieu,
To the ones who are so tried and true,
But we must . . . though it's Just for Now.

Just for . . .

We cannot forget that whenever the band appeared, whenever we danced and sang "Just For Now," Ross was there, his artistry adding that special touch to the music.

With his impressive collection of drums and tympani he was at ease before the largest audience, whether it was the cheering fans at a large basketball game or the patrons of the Fine Arts Festival. His drum solos held every listener breathless.

Ross was the typical DIXIE student. He was friendly to everyone, quick to greet the stranger and make him feel at home, always cheerful, always a booster.

He would accept responsibility. On any committee he always carried more than his share of the load. No one ever gave him an assignment and was disappointed.

And now that disaster has struck, his gallant spirit will not be downed.

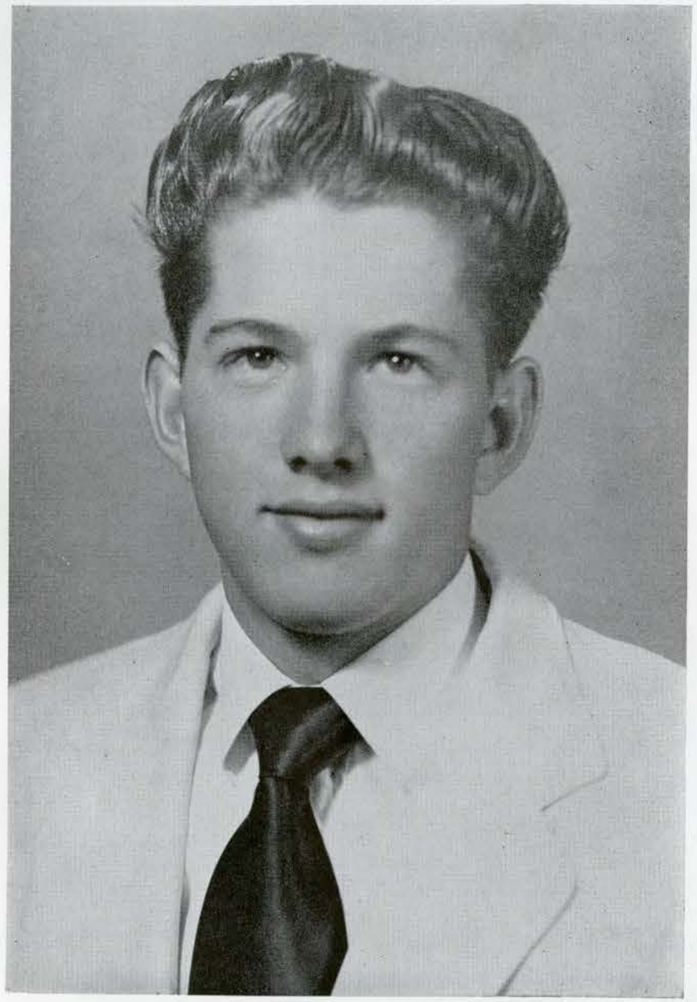

SO, WE SALUTE YOU, ROSS!

Please accept the dedication of this annual as an assurance of the love of every student in the school.

Message

JUST a word of appreciation to the students and the faculty for your wholehearted support in making this a significant year at Dixie. For all of the activities, both in and out of class, you have provided energetic and loyal co-operation. Now that many of you are leaving, I am gratefully aware of the particular contribution that you have made to the welfare of the school.

FOR each of you, whether leaving this year or not, please feel assured that your many efforts to make this a great school have not been in vain. Now those of us who remain can go forward more easily because of the sturdy foundations you have laid.

NOW is the time to part as strong friends, loyal to Dixie, and enthusiastic about the great part that each of us will play in building for the future—building for ourselves, for the school, and for this great country and world in which we are so very proud and grateful to live.

DIVISION CHAMPS

Although defeated in the beginning of the season, these Flyers came winning back time after time to finally end up in the three-way tie for first place. The gallant, fighting spirit of these Dixie boys which carried them through the tie-off games and on into the state tournament, makes them truly "champs."

THE SPIRIT OF DIXIE

LILA MAE SAMPSON

Chosen for her good cheer, her friendliness to everyone, her courage against opposition, and for her loveliness.

JERRY GRAFF

Chosen for his friendliness, his spirit of fun, his sense of humor, and for his good looks.

"The hour is growing late, it's time for us to part," but through the years the memory of these two people, selected by the student body, will always linger in the hearts of Dixie students.

THE DIXIE STAFF

In the planning of the 1953 "Dixie," ideas were thrown together, pulled together, rejected or retained, until the book you now examine developed.

In the making of this book I have appreciated the excellent co-operation of my staff, who worked under many handicaps. We have tried to retain in this annual, a little of the wonderful spirit of this year of college life. Its value depends on how well it brings recollections and reminiscences of this year—how much it means to you ten years from now.

With the sincere hope that it serves this purpose, I offer it to you.

Dear Mr. Larson:
I have learned alot this year and I hope to take many classes from you next year. I hope to go out in law and I really have enjoyed what you have taught me.
Dick Earl.

Dear Mr. Larson,
Its really been a pleasure being in your History Classes I guess I've not done much but had fun. Here's hoping you succeed in getting that accordion!
Larona Spencer

Dear Mr. Larson
I surely appreciate you giving me all the help and encouragement to put me through this great institution. A friend
Olsen

Dear Mr. Larson,
I have enjoyed and appreciated your teaching this year. Its teachers like you that make Dixie a wonderful school.
Larry Worthen

Dear Mr Larson
I have a lot for all the help given me during the year. I have also enjoyed you trying to stuff some knowledge into me. I really appreciate all you have done for me. I really did enjoy U.S. History and that is really an unusual thing for me to say about a history class
Thanks a lot
Bevan Ott

Dear Mrs. Larson.

I just love to watch you teach. The way you talk; the way you walk, and everything you do reminds me of my uncle. And what's more, my uncle is about the cutest man in the world.

I have really enjoyed my classes with you, and I'll probably be back next year.

Love,
LaDawn (Dawnie)

Dear Mr. Larson,

I have really appreciated the help you have given me this year. I enjoyed the U.N. trip and got more out of it than any other school trip I have taken.

We really had some fun playing the part of the Aussies. I got into a bit of trouble, asking everyone for a game of tennis, but I think everyone of the group enjoyed every minute of it.

I hope to enroll in more classes next year that you will be teaching.

Best of luck to you this summer.

Sincerely,
Ralph

Dear Mr. Larson
I have enjoyed taking sociology this past quarter. It has opened up new ideas and problems I never thought of before.
I will probably be taking some of your classes next year. Perhaps I can give it a better try then. Sheldon McConkie

Mr. Larson
I want to take this opportunity to thank you for putting up with me this past year. I have enjoyed your classes and learned something although at times it doesn't show.
Thanks again for all you've done.

Mr. Larson - I will say that I did neglect your class work but I did enjoy being in them.
One of your lesser students
Bill Miller

Mr. Larson!
I guess I owe you as much or more thanks than anyone in this school. Why you say? Because a couple of years ago you took the trouble and time to drive over and visit with me and talk about Dixie I've been grateful ever since because Dixie is everything and more than you said it was and I want to sincerly thank for what you've done for me. At times I've not acted much like a student but, heck there's no use of making excuses not so I'll just say I wish you success & more happiness to a swell professor.
a Humble Student
C. Brent Sandy

Dear Mr. Larson:

Thanks, Mr. Larson for everything! You've been just wonderful to me this year and I surely appreciate it. Now that the last radio broadcast is over and the tears have all been shed in Sat assembly, the Seniors are saying their last goodbyes, I just can't help thinking how glad I am to have the opportunity to go to Stiles.

I'll never forget the memorable trip to Berkeley. Gosh! Howard stowing away 24 bananas stealing the cake and not bringing a lunch; Ralph imitating the true Australian dialect with his "Tennis, kangaroo?" and amusing us all in general; Jack and his dependability - sure appreciated old Jack; Jo with her nattering line of gab — Ah! the whole trip was marvelous.

The things I learned about people and countries at that conference will never be forgotten. Although it was very frightened, I shall never forget the thrill of it all. But Mr. Larson, you made the trip what it was. Not only are you a great guy to be around in a laughing time but also in a very serious time. That first day would have finished me if it hadn't been for you and your patience and faith in me.

I know I can't express my thanks to you the way I'd like to but you know how I feel.

I've enjoyed every minute of your this year and am looking forward to another such year.

Love, Pet (Australian Delegation)

Dear Mr. Larson,

Well, four years have passed all too quickly. It seems impossible to think I'll soon be leaving Stiles and seem I surely look next year. I really do not coming back as a teacher and think I'll become a teacher always. I really enjoy you for that. It's been a grand feeling having you as a teacher, Mr. Larson, I get the precious moments when I think how I've wasted the more but I think I've learned more studying the books, but I've learned more about life and people studying you. I've got the best out of life from you — living by studying what it is not what you've said but what you've done. I really appreciate that. Thank you for making life for me worthwhile, for making Stiles an Earth. Please on Earth. Sincere Gratitude for being a devoted teacher and Pal, P.S. Forgive Burton and me for being late for Sociology all the time.

Veronica

P.S.S. Tell Mrs. Larson that I love her too!

Dear Mr. Larson,

I sincerely think that you are one of the best teachers I have ever had and it is certainly not your fault I didn't make too good of a showing in your class. I want to express my thanks for giving me that scholarship. If it wasn't for that wonder B.H.C. and would never have had the chance to meet Paul. I wish I could put into words my appreciation for both you and your dear wife for your kindness. I'll always hold you dear to my heart. Paul has told me about you as I do. God bless you always remember me as a neighbor and student
